

HAND CRAFTED BY AUSTRALIA'S MOST AWARDED LUXURY MOTOR YACHT BUILDER

THE FLAGSHIP OF THE SPORT YACHT COLLECTION

EDITION 17.1

RIVIERA

Our 14-hectare, state-of-the-art manufacturing facility on the Gold Coast of Queensland, Australia. This is the largest facility of its kind in the Southern Hemisphere.

Each year, this world-class facility plays host to the educational and fun-filled Riviera Festival of Boating and the enormous Gold Coast International Boat Show & Marine Expo.

THE REASSURANCE OF OWNING A RIVIERA

What sets Riviera apart as one of the world's great luxury motor yacht builders?

Is it the devotion to quality, standard of materials used, the ocean tested structural strength, unsurpassed ease of operation, or the stylish, handcrafted luxury finish? Or perhaps it's the famous culture of care that transforms owners into the 'Riviera family'.

The answer is all of the above, and more. Much, much more. Over 37 years and the building of over 5200 luxury motor yachts, the 550-strong Riviera team have been on a continuous quest of evolution and refinement.

This remarkable heritage of knowledge matched by innovation allows us to marry the best of the time proven with the exciting and new. Witness our introduction of cutting edge touch screen digital technology and joystick

maneuverability, which make navigating and operating a luxury motor yacht a relaxed and enjoyable experience.

Located on the Gold Coast, Queensland we build on the notable Australian qualities of strength, practicality and love of water in the continent completely surrounded by ocean and sea. Then we test our designs in some of the toughest offshore conditions on earth. Hardly surprising that Riviera luxury motor yachts command impressive resale values worldwide.

Today, you can choose from five individual designs that make up our fabulous collection of luxury motor yachts, the Riviera Flybridge, SUV, Sport Yacht or Sports Motor Yacht models, along with our more traditional Belize Collection. All will withstand virtually anything the elements and you can throw at them, with poise and ease.

Naturally, we back this confidence with an industry-leading 5-year limited structural warranty. In addition, with all our Volvo Penta powered yachts, we offer a 5-year limited warranty covering helm station controls and multi-function displays, steering and propellers, plus pod drives and engines.

In our experience life is too short for needless compromise. So when it comes time to invest in your next yacht, why settle for a lesser option when you can enjoy all that makes up a Riviera.

CRAFTED WITH PRIDE

The premium quality of our owner care at Riviera is directly commensurate with the quality of our built-to-last, world-class luxury motor yachts.

Your experience of dealing with Riviera – from the selection of options, electronics and décor all the way through to routine maintenance and repairs – will be undertaken with the utmost care.

Our highly skilled team consults with internationally acclaimed naval architects, designers and engineers.

Consultation with our global family of yacht owners also plays an important part in our new model development program.

This ensures Riviera continues to exceed the constantly evolving desires of luxury motor yacht aficionados worldwide.

The growing Riviera global network of dealers now spans the globe. Find your nearest dealer at RivieraAustralia.com

AWARDED FOR EXCELLENCE

Riviera's vast collection of local, national and international awards is testament to the pride and passion that goes into creating our premium range of luxury motor yachts.

These awards span world-best practices in the spheres of education and training, employment, innovative manufacturing techniques, quality of workmanship and pioneering design.

RIVIERA SPORT YACHT COLLECTION – NO FINER WAY TO PLAY

There is another world that exists just out of sight from the one we inhabit daily. It is a world of wonder and luxury, friends and family, renewal, memories and joy.

Here the skies have no limit and possibility knows no bounds.

You can find this blessed place over the skyline but before you set out, be warned: entry is for the select few.

We call this shangri-la of the senses the 'World of Riviera', and any one of the gleaming new luxury motor yachts from the Riviera Sport Collection, the 6000, 5400, new 4800, or the 3600, can spirit you there, anytime you desire. When the urge strikes, you will be travelling in enviable style.

Classic distinctive lines, big wide welcoming spaces, painstaking quality and attention to detail, breathtaking modern technology, outstanding performance, structural excellence and true blue-water ability; your every need as skipper, passenger or richly entertained guest, somehow anticipated in advance.

You truly are in a class of your own. Little wonder the next adventure calls.

Welcome to the World of Riviera.

RIVIERA 6000 SPORT YACHT – THE ULTIMATE ENTERTAINER

The stylish Riviera 6000 Sport Yacht heralds a new era of on-water luxury.

Her awe-inspiring aesthetic appeal – sleek lines, curvaceous hardtop, contemporary hull windows and portholes – is just the beginning.

This distinctive Riviera is a high-performance yacht akin to a six-star luxury resort.

Supremely comfortable, the 6000 Sport Yacht features our signature alfresco lifestyle design, easy-to-use technology and, of course, plush, palatial appointments.

Her design flexibility will also impress and demonstrates our commitment to catering to an extremely wide range of boating pursuits.

WELCOME ABOARD

Stepping up from the large hydraulic boarding platform, through either of the wide transom side gates and into the generous teak-laid cockpit, you'll immediately appreciate the evolution of the luxury indoor/outdoor character for which our Sport Yacht series is internationally renowned.

A practical twin barbecue with convenient drawer fridge and freezer sits conveniently aft above a large garage where a tender with permanently mounted outboard can be easily loaded with the built-in electric winch, with additional room for accessories and water toys.

Her flowing fibreglass hardtop extends well aft to provide shelter and shade from the extremities, and houses the cockpit's own electric sliding sunroof to bring extra sunlight and fresh air into the alfresco area when desired.

An L-shaped lounge/ dining area to port comfortably seats six people, and a teak table lowers to create a large daybed.

There's also a two-metre lounge to starboard to comfortably seat an additional three people when the celebrations begin.

FEATURES, INCLUSIONS AND OPTIONS

Cockpit Overview

- Wide hydraulic boarding platform teak-laid with recessed stainless steel swim ladder and hatch
- Tender garage – the door of which opens at the touch of a button
- Electric winch for easy launch or retrieval of tender
- Direct access to the tender garage is via a hatch in the cockpit floor
- Stainless steel transom gates provide entry to a generous entertainer's cockpit that is teak-laid and self-draining to the stern
- The fibreglass hardtop extends well aft to provide shelter and shade from the extremities
- Electric sliding sunroof built into the cockpit hardtop brings extra sunlight and fresh air into the alfresco area when desired
- Overhead and courtesy LED lighting
- Barbecue centre built into the transom with electric grilling and sizzling plates as well as a wet bar with sink, hot and cold tapware, rubbish bin, stainless steel refrigerator, LED lighting and solid surface benchtop
- Deep, cushioned lounges – L-shaped seating to port and two-metre lounge to starboard – hand-upholstered and with storage beneath, includes white stamoid protection covers
- Optional upholstery upgrades in a selection of colours and styles
- Teak table, satin-varnished, mounted on hi/lo pedestal for conversion into a day bed, includes infill cushion and white stamoid protection cover
- Access to storage room (or optional crew cabin) through a lockable hatch and stainless steel ladder
- Double action manual bilge pump for engine room
- Hand-held shower hot and cold (freshwater)
- Wash-down tap (freshwater)
- Entertainment via two weather-proof speakers controlled by second zone selection from saloon
- Sliding glass door to the saloon set in a strong stainless steel frame
- Large awning-style window in tinted and tempered glass with gas strut, safety latch and lock, also set in a stainless steel frame, and which opens out from the saloon

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.

SAFELY FORWARD

Wide, walk-around non-slip side decks with well-placed hand rails give access to the colossal-sized sun pad which sprawls the centreline of the 6000's elegant foredeck.

Here there's an independent two-speaker AM/ FM stereo with Bluetooth and USB port, as well as handy water-tight storage compartments to store your belongings.

And, of course, a deep ice box to keep your refreshments perfectly chilled while you soak up the sun.

FEATURES, INCLUSIONS AND OPTIONS

Deck Overview

- Bow rail in stainless steel (316 marine-grade), highly polished with mid safety wire including flag staff and burgee
- Front windscreen cover in black breezeway
- Stainless steel Ultra anchor with galvanised chain
- Vertical anchor winch with overload protection to suit rope and chain, operated via a plug-in hand-held remote with up/down function and with chain counter control at the helm
- Anchor lockers to port and starboard provide access to the anchor chain and rope storage
- A central hatch between the anchor lockers provides access to the heavy duty, self-loading stainless steel bow roller, anchor and chain stopper
- Salt and freshwater wash-down outlets are also located at the anchor lockers
- 8x stainless steel cleats
- Gunwale rail is impact and UV-resistant white PVC with stainless steel insert strip
- Expansive sun pad, cushioned and upholstered, is recessed into the deck with drain groves and stainless steel rails as well as drink-holders, includes protection cover
- Insulated forward deck cool box positioned to the portside of the sun pad
- Spotlight fitted to the bow is operated via remote control at the helm
- Targa (GRP, includes light mast and aerials for radios and electronics (as fitted))

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.

STEPPING INSIDE

The 6000 Sport Yacht's rich interior is welcoming and expansive, designed to deliver all the delights of a lavish and contemporary life afloat.

Bring the outdoors inside by opening the aft awning window out and over the cockpit from the aft U-shaped galley, and position the chef right in the centre of the social scene.

Slide the screen above the galley to reveal large fixed skylights, slide open the saloon side windows to both port and starboard, or push a button and open the electric sunroof for additional natural lighting and fresh air.

Befitting a motor yacht of this calibre, all on-board appliances, entertainment and operational systems, fittings and furnishings are premium quality.

The elegantly appointed saloon, with its soft-touch natural leathers and highest quality fabrics, is perfect for indoor entertaining, relaxing or even working whilst aboard.

In all high-traffic areas, through the saloon and down to the accommodation deck atrium, hard-wearing, superior-quality timber-patterned flooring ensures practicality in terms of wet or sandy feet.

FEATURES, INCLUSIONS AND OPTIONS

Galley Overview

- Fixed overhead galley skylights with sliding blind enhance the natural lighting
- Built-in galley cabinetry with walnut satin varnish and positive locking hardware as well as drawers for cutlery, pots and pans
- Drawer refrigeration - two fridges, freezer and dishwasher with Blum stainless steel, soft-close runners
- Premium combination microwave/convection oven with grill
- Three-element electric induction cooktop, with rangehood and removable stainless steel pot-holder
- Solid surface benchtop with a selection of colours and styles
- Stainless steel sink and premium tapware
- Rubbish bin with cover

Saloon Overview

- Reverse-cycle air-conditioning to the saloon and galley
- Electric sliding tinted glass sunroof for extra fresh air, includes sliding insect screen
- Cocktail cabinet to starboard with icemaker/freezer drawer and additional refrigerator drawer with stainless steel Blum soft-close runners and positive locking hardware
- Three-seater leather lounge to starboard with storage underneath, with the option for the centre seat base to slide out to become an ottoman for additional seating at the dining table and for a fold-out table to create additional dining or work space
- Premium leather U-shaped lounge to port with storage underneath
- Large timber dining table to port, mounted on twin fixed pedestals with the option for hi-lo function so it converts into an additional berth when required
- Headlining cushioned and upholstered with LED overhead lighting
- Stainless steel hand rail with hand-stitched leather wrapping to companionway stairs
- Entertainment to the saloon is via large flatscreen TV that hinges out for viewing from all seating positions, integrated with a premium home theatre system incorporating AM/FM stereo, Blu-ray player with amplifier and 10 flush-mount speakers

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.

FEATURES, INCLUSIONS AND OPTIONS

Helm Overview

- Windscreen – curved and clear tempered glass with two pantograph wipers with intermittent controls, includes washers plumbed off the freshwater system
- Directional air-conditioning outlets at the helm and vents to the windscreen
- Premium quality, high-backed Italian leather helm chairs with flip-up bolster cushions, the captain's seat with electric forward/aft adjustment
- Moulded footrests in high-quality, hard-wearing Royal Oak timber pattern
- Ergonomically designed console with drink-holders and storage recess
- Steering wheel, bound in premium leather
- Electronic engine controls with twin-lever gear and throttles, as well as joystick docking control
- Navigation – two Volvo Penta Glass Cockpit Multi Function Display screens with Garmin GSD24 sounder, B258 transducer, GMR 18xHD dome radar, including mount
- VHF radio with aerial
- Compass with light
- Anchor chain counter
- Designed-in access under the helm, ensuring easy and efficient servicing

Electronics

- A comprehensive range of factory-fitted electronic packages and custom features are available with everything from radar to underwater lights. Your dealer has full details.

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.

PLEASE TAKE YOUR SEAT

The 6000 Sport Yacht's luxurious command centre is an inspiring example of how we are striving to make boating even easier and more enjoyable.

The sports-inspired helm console of the 6000 Sport Yacht has excellent visibility and ergonomics.

All critical navigation electronics, comprehensive engine instrumentation and vessel controls are within easy reach of the high-backed Italian leather helm and companion chairs.

Here you will discover a high-quality leather-stitched steering wheel, sunken backlit dash, ample storage compartments for binoculars and instrument covers, as well as drink-holders.

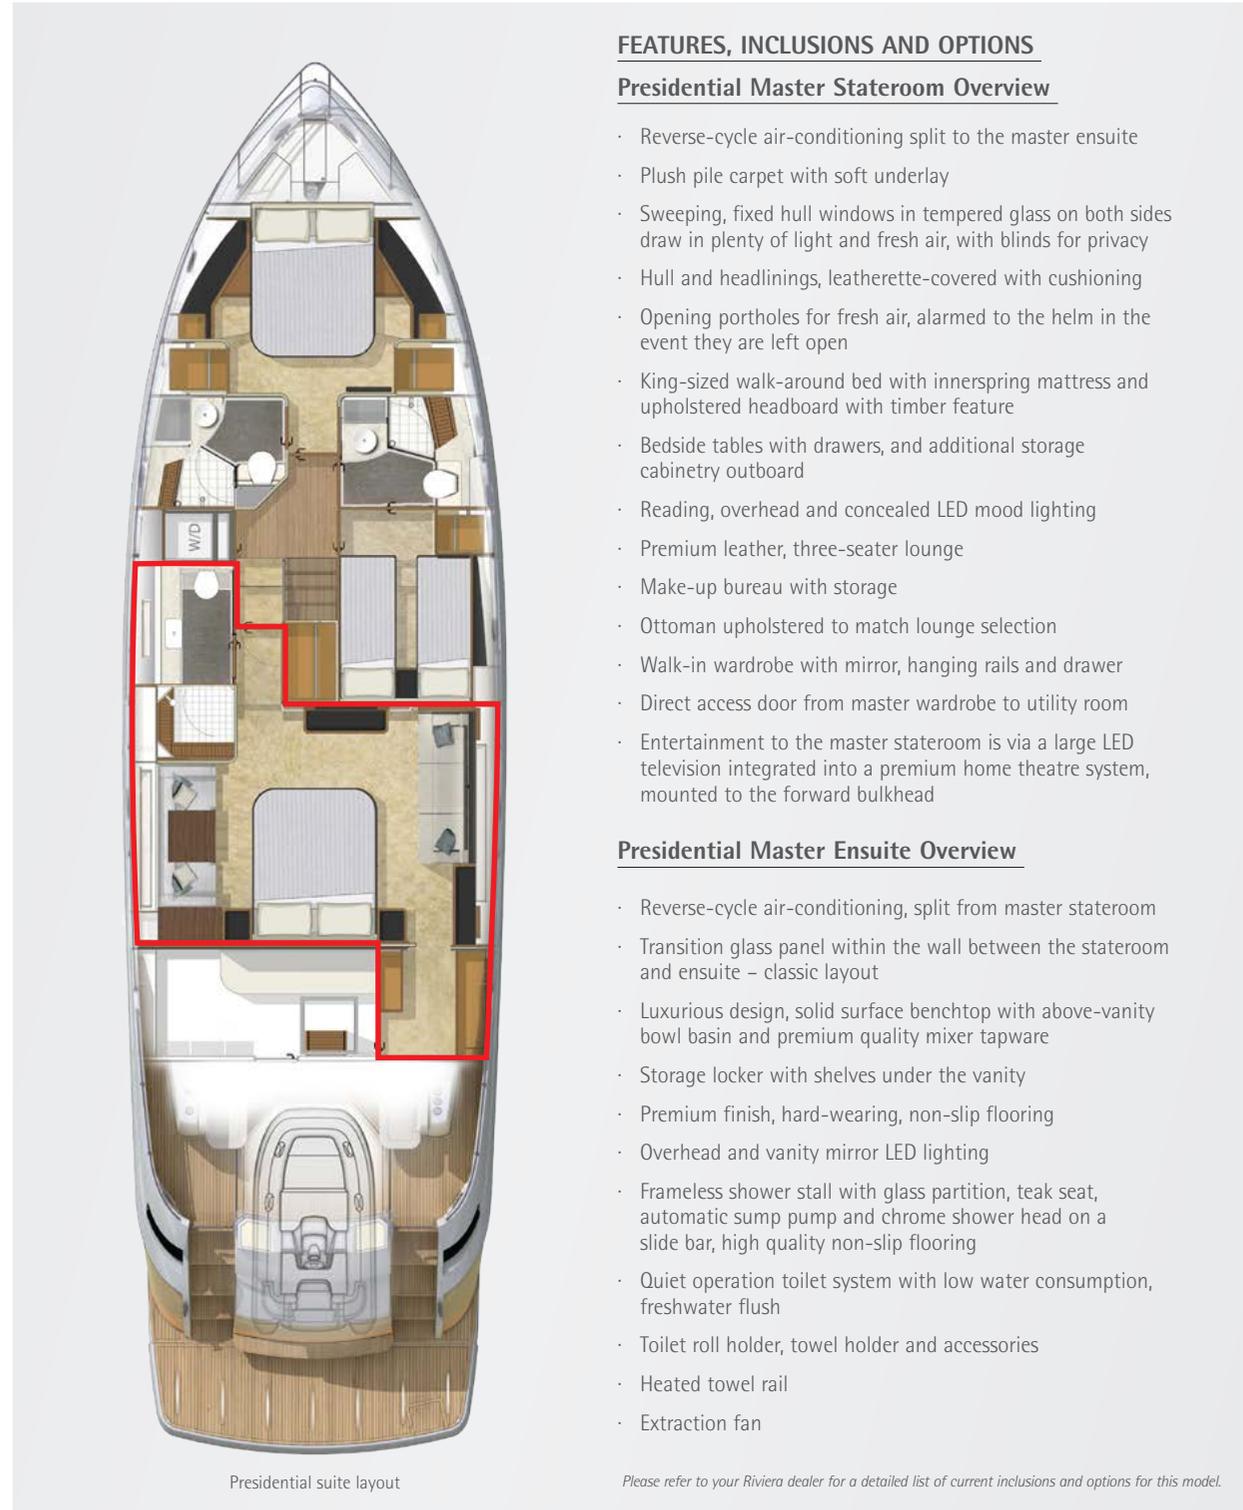

FIT FOR A PRESIDENT

The flexible accommodation layout allows for up to four staterooms, or three with the presidential design that provides an enlarged floor plan for the full-beam master stateroom.

The presidential design is an expansive and luxurious private retreat that positions the master bathroom forward, with additional storage as well as a casual dining and sitting area to port – the ideal setting for a private breakfast or a quiet workspace.

This casual dining table doubles as the master's fold-up make-up bureau and there is also additional drawer storage at the base of the television, as well as an additional forward full-length hanging wardrobe.

Presidential suite layout

FEATURES, INCLUSIONS AND OPTIONS

Presidential Master Stateroom Overview

- Reverse-cycle air-conditioning split to the master ensuite
- Plush pile carpet with soft underlay
- Sweeping, fixed hull windows in tempered glass on both sides draw in plenty of light and fresh air, with blinds for privacy
- Hull and headlinings, leatherette-covered with cushioning
- Opening portholes for fresh air, alarmed to the helm in the event they are left open
- King-sized walk-around bed with innerspring mattress and upholstered headboard with timber feature
- Bedside tables with drawers, and additional storage cabinetry outboard
- Reading, overhead and concealed LED mood lighting
- Premium leather, three-seater lounge
- Make-up bureau with storage
- Ottoman upholstered to match lounge selection
- Walk-in wardrobe with mirror, hanging rails and drawer
- Direct access door from master wardrobe to utility room
- Entertainment to the master stateroom is via a large LED television integrated into a premium home theatre system, mounted to the forward bulkhead

Presidential Master Ensuite Overview

- Reverse-cycle air-conditioning, split from master stateroom
- Transition glass panel within the wall between the stateroom and ensuite – classic layout
- Luxurious design, solid surface benchtop with above-vanity bowl basin and premium quality mixer tapware
- Storage locker with shelves under the vanity
- Premium finish, hard-wearing, non-slip flooring
- Overhead and vanity mirror LED lighting
- Frameless shower stall with glass partition, teak seat, automatic sump pump and chrome shower head on a slide bar, high quality non-slip flooring
- Quiet operation toilet system with low water consumption, freshwater flush
- Toilet roll holder, towel holder and accessories
- Heated towel rail
- Extraction fan

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.

RETIRE TO YOUR PRIVATE RETREAT

Whether overnighing in a sheltered bay or on a long-distance coastal cruise, the beautiful and intelligent design of the 6000 Sport Yacht ensures supreme comfort for her owners and guests.

The classic master stateroom designs position a king-sized walk-around bed with innerspring mattress amidships, with a contemporary and upholstered headboard with timber feature and bedside tables.

There is also a make-up bureau and ottoman forward and a three-seater leather lounge to starboard, and a deep walk-in wardrobe with cedar lining aft.

Panoramic, recessed hull windows are located on either side and add a striking visual effect. Portholes are also fitted that ensure plenty of fresh air and they are alarmed to the ignition so they are not left open while underway.

Riviera's design team has ensured your 6000 Sport Yacht can be customised to satisfy all boating aspirations.

In the classic layout, transition glass brings natural light into the master stateroom when the large and luxurious portside ensuite is not in use, yet offers complete privacy at the press of a button.

Classic master suite and lower lounge / TV area

FEATURES, INCLUSIONS AND OPTIONS

Classic Master Stateroom Overview

FEATURES, INCLUSIONS AND OPTIONS

Guest Stateroom – Port Overview

- Reverse-cycle air-conditioning split from starboard guest stateroom and day head
- Plush pile carpet with soft underlay
- Adult-sized upper and lower berths with storage underneath
- Bedside cabinet
- Hanging locker with cedar lining and auto LED lighting
- Additional storage lockers outboard with positive locking hardware
- Sweeping hull window, fixed with tinted and tempered glass with roller blind for privacy
- Reading and overhead LED lighting
- Optional entertainment to this stateroom is via flatscreen TV and home theatre system with iPod interface and two speakers

Companionway Overview

- Drawer storage beneath the companionway stairs
- Stairs have a high quality Royal Oak timber-finish
- Plush pile carpet with soft underlay in accommodation atrium
- Linen storage cabinet and washer and dryer fitted under companionway stairs
- Optional Dyson cordless rechargeable vacuum cleaner with detachable long-reach wand
- Optional wine cooler in lieu of linen storage. The wine cooler can be located in utility room if the presidential design option is selected.

Classic master suite and twin cabin to port

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.

FIRST CLASS ALL THE WAY

Forward, you have the option of an L-shaped atrium lounge/retreat with entertainment system, a portside stateroom, a lower galley, functional office space or, if you choose the presidential layout, your luxurious ensuite.

The classic layout's portside stateroom features adult-sized Pullman beds, each with innerspring mattresses and convenient storage.

A sweeping hull window ensures plenty of natural light and highlights the palette of rich walnut timber with satin varnish and cushioned headlining upholstered in the highest quality fabric.

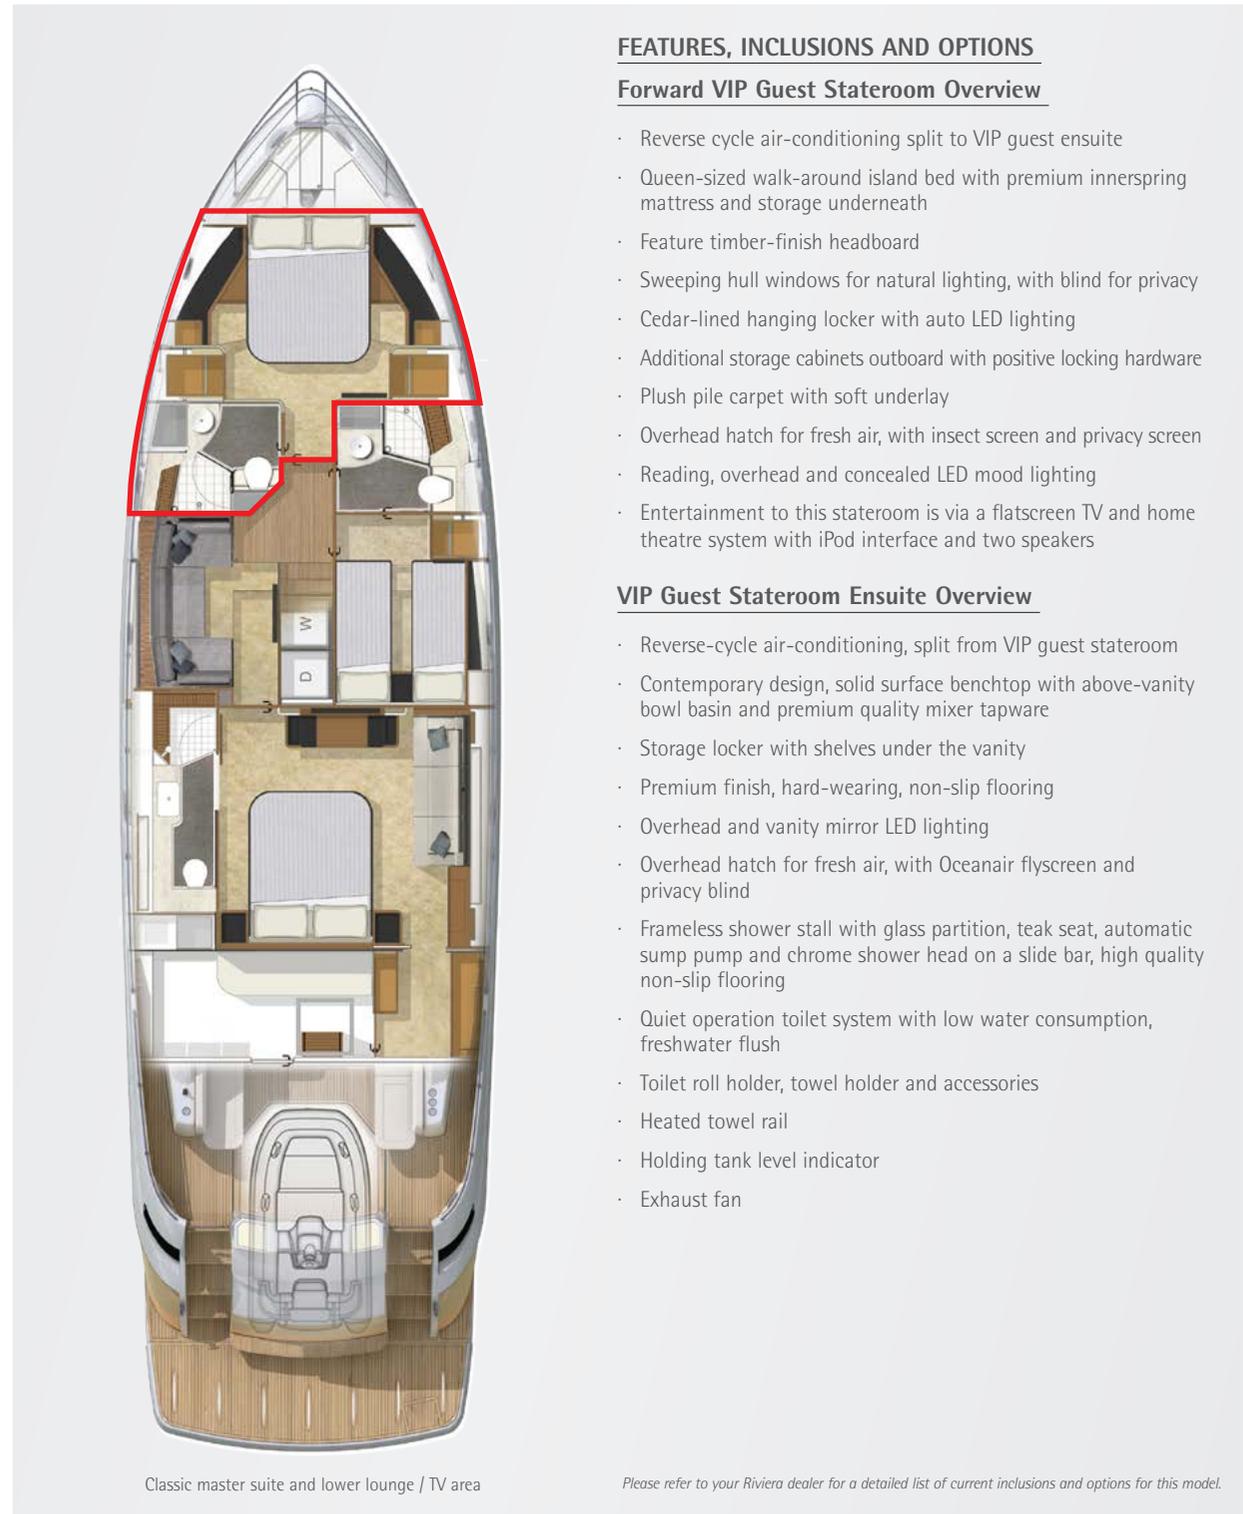

SPOIL YOUR GUESTS

The high level of luxury in the 6000 Sport Yacht's forward VIP guest stateroom - with private ensuite - will most certainly impress.

Natural light filters into the stateroom through fixed hull windows with tinted, tempered glass on both sides, and there are blinds for privacy.

Further natural light and fresh air is delivered through an overhead hatch that can be screened for privacy. There is also literally volumes of storage.

Everywhere you look there's an attention to the finest of detail that reminds you this is a world-class Riviera.

Classic master suite and lower lounge / TV area

FEATURES, INCLUSIONS AND OPTIONS

Forward VIP Guest Stateroom Overview

- Reverse cycle air-conditioning split to VIP guest ensuite
- Queen-sized walk-around island bed with premium innerspring mattress and storage underneath
- Feature timber-finish headboard
- Sweeping hull windows for natural lighting, with blind for privacy
- Cedar-lined hanging locker with auto LED lighting
- Additional storage cabinets outboard with positive locking hardware
- Plush pile carpet with soft underlay
- Overhead hatch for fresh air, with insect screen and privacy screen

ACCOMMODATING STATEROOMS

Every guest aboard your Riviera 6000 Sport Yacht enjoys premium luxury and comfort.

The impressive starboard stateroom – which has direct access to the day head – boasts side-by-side, full-length beds with innerspring mattresses and storage underneath, a bedside table and, of course, the highest quality cabinetry with positive locking hardware.

It is this relentless obsession with detail, with quality, with good design, with making your boating experience the best it can possibly be, that makes the Riviera 6000 Sport Yacht simply the finest luxury motor yacht in her class.

FEATURES, INCLUSIONS AND OPTIONS

Utility Room Overview

- Stainless steel ladder for access to the cockpit via watertight hatch
- Direct access to engine room through watertight door
- Storage lockers and work bench
- High quality rubber matting to floor and work bench
- Access point to fuel shut-off valves
- Storage room liner including GRP non-skid flooring
- Storage shelves to port
- Optional crew cabin with entrance from the cockpit – includes single berth, reverse-cycle air-conditioning, wet head, exhaust fan, lighting, mirror, vanity, hanging locker, fixed porthole and privacy screen

Classic master suite and twin cabin to port

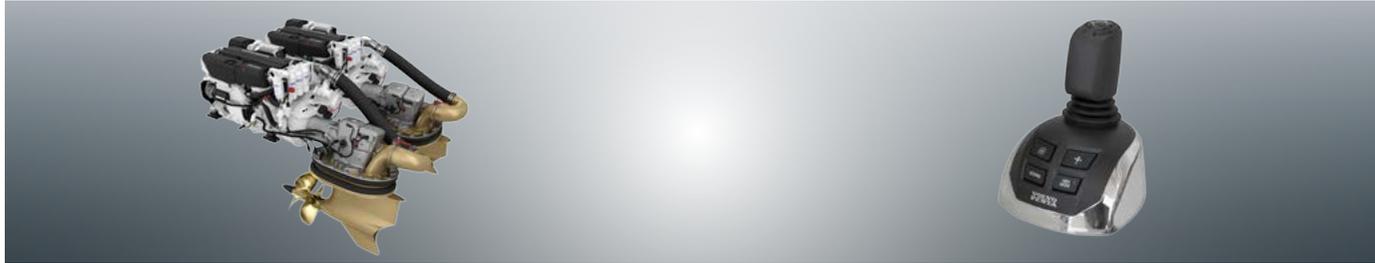

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.

FLEXIBILITY AT ITS FINEST

The 6000 Sport Yacht's utility room – which has direct access from the cockpit and through the master stateroom's wardrobe – is the ideal space to store your water toys or diving equipment.

The utility room can also be permanently sealed from the master and converted to fully self-contained crew quarters, if desired.

THE POWER AND TECHNOLOGY ARE YOURS

Riviera is at the forefront of a marine propulsion revolution, having now launched almost 500 pod-driven luxury motor yachts.

Pod-drives are used on such worldly form vessels as the Queen Mary II cruise ship as well as large-scale commercial craft. This proven technology is now revolutionising pleasure yachts.

Offering an excellent power-to-weight ratio, pod-drives deliver exceptional performance, enhanced torque, impressive fuel efficiency, simple maneuverability, low environmental impact and quiet operation thanks to underwater exhausts.

In simplified terms, Volvo Penta's innovative Inboard Propulsion System (IPS) features twin pod drive units, each of which is capable of turning independently to provide the correct thrust to move the yacht in the exact direction required by the skipper easily controlling the system with either a steering wheel and throttles or a joystick.

The 6000 has a joystick at the helm and an additional joystick on the portside of her cockpit so a skipper, either solo or with a novice crew, is able to simply push and twist the joystick and the yacht will respond immediately, pivoting in place or tracking sideways into a berth that's just long enough to fit the yacht.

IPS also offers a Dynamic Positioning System (DPS) for station-holding while preparing lines and fenders or while waiting off a fuel jetty, the convenience of Auto Pilot, manual trimming with optional auto-trim, as well as a highly-efficient Anti-Corrosion Protection (ACP) unit mounted to the transom to reduce maintenance of sacrificial anodes.

The three-blade nibral, forward-facing, counter-rotating propellers are protected by the premium anti-foul coating PropSpeed to achieve a long service life, as well as 316 marine-grade stainless

steel line-cutters from Volvo Penta, for protection from ropes, fishing lines, plastic bags or nets – these precision-made line cutters create a very efficient rotating cutting action without increasing drag or fuel burn.

The 6000 Sport Yacht employs the revolutionary Volvo Penta D11-IPS950 propulsion system with twin D11 engines and IPS20 pod-drives (533kW/2x) 725hp). This is a perfectly matched drive package for the 6000 and the system's Class 5 commercial rating assures enhanced reliability even for high-use, high-speed planing commercial vessels.

Additionally, the D11-IPS950 system is fully certified under the Det Norske Veritas and Germanischer Lloyd (DNV GL) classification system.

WINDOW TO THE FUTURE

To give you total command of the 6000 Sport Yacht, Volvo Penta's state-of-the-art Glass Cockpit navigation system blends new technology with dependability and practical functionality.

The Glass Cockpit system provides a very clean, easy-to-use system with enhanced overview and control of both engines and navigation, including GPS, sounder and radar, even auto-pilot and optional charts ... and all in one place and all in one system.

Integrated with the IPS Electronic Vessel Control (EVC) system, the Glass Cockpit gathers all driver information and displays it in one location. The easy-to-handle, pinch-to-zoom displays give you instant control. The ergonomic design and interface for the dashboard offers push-buttons on the controls and touch-buttons on the screens.

Just one clever feature of the Glass Cockpit is the unique Auto Guidance feature that searches through all relevant charts to suggest a route you can safely follow, keeping your preferred distance from shallow water, buoys and other known obstacles.

Coupled with the Auto Pilot, it not only shows the way, it can take you there.

THE RIVIERA ADVANTAGE

Riviera is continuing to lead the luxury motor yacht market and proudly stands behind the easy-to-use systems onboard its world-class designs.

A 5-year limited warranty on all Volvo Penta systems is now standard with every new Riviera and covers Volvo Penta helm stations, steering and propellers as well as major componentry of their high performance drivelines and fuel-efficient engines.

Available worldwide, this extended warranty complements the Riviera 5-year limited structural warranty and will provide even greater peace of mind for our valued Riviera boating family members.

Riviera Family members enjoy exclusive invitations to fun-filled social and boating education events, inspiring cruising experiences as well as special offers on genuine parts, electronics and our premium Riviera lifestyle collection.

CZONE SIMPLICITY

The fully integrated CZone digital switching system enhances the ease of monitoring and operation of the Riviera 6000's onboard systems even further, extending centralised, touch-screen control to lighting, pumps, batteries, entertainment systems and appliances.

CZone allows owners to operate multiple circuits at a single touch, energising all lighting and electrics depending on your requirements. It comes pre-programmed with three Modes – “entertaining”, “cruising” and “dock unattended” – and these modes can be customised to suit your requirements so the system works exactly how you want it to.

Other user-friendly features include interior light-dimming, timer controls, automated circuit control, wiper speed and wash functions. There's also a “service” mode that shuts down all power and systems.

Based on industry-proven Controller Area Network (CAN) technology, the CZone system offers DC and AC switching and over-current protection. Full systems monitoring (with alarms) including AC voltage, current, frequency and kilowatts, DC voltage, current and remaining battery capacity, along with tank levels and indication for systems in operation, is all clearly displayed on the 10-inch touchscreen at the helm and 3.5-inch colour control screens in the galley and master stateroom.

There's also the option of additional iPad connectivity, so you can control CZone from anywhere onboard your yacht.

IMPECCABLE PEDIGREE

The confident poise of the 6000 Sport Yacht is just as evident offshore as it is at anchor – her solid and robust hull with keel is the evolution of our rich 36-year heritage of building over 5200 world-class luxury motor yachts that are proven in the often challenging Australian offshore conditions.

Every Riviera built at our world-class facility on Australia's Gold Coast combines superior-strength hand lay-ups with a water-tight collision bulkhead forward and independent compartments throughout the hull.

Our legendary build quality also features vinylester resin in the outer layer of lamination to increase the ability to withstand water absorption. An isophthalic gelcoat exterior provides an impeccable and hard-wearing surface finish.

From the waterline down, the hull is solid GRP with reinforced bottom, keel and chines. Structural core material is used in the hull flanks, main deck and hardtop, while precisely fitted, lightweight resin transfer-moulded small parts have a double-sided gelcoat finish and are pre-fitted for a perfect seal when all major components are bonded together.

Riviera also only uses 316 marine grade stainless steel in all our exterior fastenings. All stainless steel rails feature ground and polished welds to ensure a consistently smooth and mirror finish.

Our designers have placed a firm focus on convenient access to every key maintenance point so any issues can be quickly identified and addressed, and service costs are kept to a minimum.

ELECTRICAL EXCELLENCE

All batteries on board the 6000 Sport Yacht are maintenance-free to ensure carefree boating and are housed in special battery boxes in accordance with American Boating and Yacht Council (ABYC) and the European Union's CE industry standards.

The 6000 has two starting battery banks comprising two batteries per bank for the port and starboard engines. The house battery bank comprises six batteries, and there are two batteries in the auxiliary bank. Individual alternators for each battery bank ensure charging systems are optimised whilst underway and an emergency parallel function provides increased reliability, just in case you are ever faced with a flat start battery bank. All battery banks are isolated at the main battery panel in the utility room.

The house power is 24-volt, which allows for simpler charging, lower current draw and smaller cables (further reduced weight) than equivalent 12-volt systems. The Mastervolt AC-DC inverter (5kW 230V 50HZ/4kW 110V 60HZ) provides power to the icemaker, entertainment systems and all outlets onboard, ensuring watching television while relaxing quietly at anchor is whisper-quiet.

LED lights provide trouble-free boating while reducing electrical current draw. The lamps use less than 10 per cent of the power required to run a halogen lamp — no bulbs mean no maintenance and long service life. Additionally, Residual Current Device/Ground Fault Circuit Interrupter (RCD/GFCI) provides protection over the entire yacht and also complies with ABYC and CE standards for safer boating.

FEATURES, INCLUSIONS AND OPTIONS

Electrical Overview

- Alternators — port alternator charges port start bank. Starboard alternator charges starboard start bank and designated alternators for house bank and auxiliary bank, ensure charging systems are optimised whilst underway
- Batteries (maintenance-free) — independent port and starboard start (4x), house (6x) and auxiliary (2x)
- Battery banks individually isolated at the main battery panel in the utility room
- Battery chargers — automatic, 100Amp/24DC and 30 Amp/24DC
- Battery paralleling system provides increased reliability in the event that you are faced with a flat start battery bank
- Digital DC circuit control and protection incorporating 'intelligent' operation with user-programmable usage modes, timer circuits, light dimming and circuit bypass, operational via conventional switches, signal set points as well as LED display modules
- Digital monitoring system including AC and DC power metering, fluid tank level monitoring and DC circuit status via colour LCD touchscreen display at saloon entry, saloon entry and master stateroom
- Engine room features LED lighting
- Generator — Onan EQD 22.5kW/50Hz (27.5kW/60Hz) with muffler, water separation system, fresh water-cooled and including a sound shield, remote stop/start function, state of-the-art diagnostics and hour meter. Optimised mounting system reduces vibration
- Inverter — Mastervolt 5kW AC-DC operates the entertainment, ice-maker and all GPOs in the absence of a generator or shore power
- Navigation lights (international standard)
- Wiring coded, numbered and assembled in looms where possible to ensure trouble-free maintenance and repairs

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.

ENGINEERING EXCELLENCE

Access to the flow-coated engine room — with acoustic and thermal insulation and LED lighting — is via a deck hatch from the cockpit or through a watertight door from the versatile utility area. It's here that you will really begin to appreciate the careful consideration for which Riviera is renowned globally in terms of its engine rooms.

The impressive commercial air intake system helps to keep the engine room temperature well below the engine manufacturer's formal recommendation, reducing fuel consumption even further, while the air-conditioning units are mounted high so gravity feeds condensation water into the common drain lines located on either side of the yacht and which drain aft and overboard.

All onboard drains also feed into these common drain lines while the advanced mist elimination system with veins draws moisture from the air and feeds directly overboard. Four automatic bilge pumps with manual override are located at various points throughout the hull and also pump directly overboard.

There's even a dedicated space for a gyroscopic stabiliser — another example of how Riviera is ready to embrace innovation that makes boating even more enjoyable.

FEATURES, INCLUSIONS AND OPTIONS

Engineering Overview

- All through-hull fittings on or below the water line are fitted with ball valves, and all hoses are double-clamped
- All metallic hull fittings below the waterline are bonded to zinc anodes, including galvanic isolators
- Bilge pumps, auto and manual override (x4)
- Engine hatches are insulated and removable
- Engine mounts protect against vibration
- External and internal seawater strainers for the main water intakes – engines, generator and air-conditioning
- Integrated fire suppression system for the engine room with automatic/manual controls
- Fresh water heater (AC)
- Fresh water pump, secondary back-up pump (switched independently)
- Fresh water system with tap and hose, pressurised, single 800-litre (211 US gallons) tank with gauge in CZone
- Fresh water tap and hose in engine room
- Fuel lines all swaged
- Fuel shut-off valves
- Fuel tank positioned centrally to ensure optimal balance. Fire-retardant GRP, 3300 litres (872 US gallons) with gauge at helm and visual site gauge on tank
- Holding tank capacity 500 litres (132 gallons)
- Sanitation system with overboard pump-out switch and deck fitting for dock-side pump-out
- Venting dorade system for engine and air intakes with mist eliminators

Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.

THE RIVIERA WARRANTY

Limited Express Warranty

Riviera Australia Pty Ltd. A.C.N. 139 663 906 (Riviera) makes this Limited Express Warranty (Warranty) to the original retail purchaser of a vessel manufactured by Riviera, provided the vessel is purchased from an authorised Riviera dealer and said first retail purchaser registers this Warranty with Riviera within 30 days of the purchase. This Warranty is the only warranty provided by Riviera, express or implied, with respect to any vessel manufactured by Riviera.

Five Year Limited Structural Warranty:

Riviera warrants to the first retail purchaser that for five (5) years after the date of delivery to the first retail purchaser, and for the period before it is delivered to the first retail purchaser, that the hull, deck, flybridge and hardtop shall be free from structural defects due to material or workmanship, under normal non-commercial use, that result in any delamination or separation of the stringers or composite structure.

A structural defect includes the following:

- structural failure of the fibreglass hull, deck, flybridge and hardtop
- structural failure of any parts glassed onto the above components, or
- structural failure of the joints between any of the above components.

The structural warranty does not apply to the following:

- A water leak through the joints between the hull, deck, flybridge and hardtop
- Fibreglass small parts failures
- Parts that are not manufactured by Riviera;
- Interior failures, window or hatch failures
- Damage resulting from misuse, abuse, negligence, improper docking, alteration, vandalism, accident or lack of performance of normal maintenance
- Any charges incurred by any vessel returned to the factory, dealer or authorised agent for inspection prior to authorisation of warranty repairs
- The cost of removal or reinstatement of a part, or disassembly or reassembly of the unit of which it is a component
- Heat and/or sun damage to the hull and/or gelcoat on hulls that are painted a dark colour
- Owners other than the first retail purchaser, or in relation to the hull only, subsequent owners to whom the structural warranty of the Hull has been validly transferred in accordance with this Warranty
- Any vessels sold to the first retail purchaser by anyone other than a Riviera dealer listed on <http://riviera.com.au> on the date of the purchase (Authorised Riviera Dealer), or
- Any item which Riviera has not been notified of within thirty (30) days of the issue becoming apparent.

The above list is not intended to be exhaustive and Riviera may, at its absolute discretion, elect to refuse any warranty claim whatsoever.

Vessels that go into a syndication or shared ownership program are entitled to the standard five-year structural warranty, subject to fair wear and tear on the vessel.

Transfer of Structural Warranty

In reference to the structural warranty of the hull ONLY, Riviera may agree in its sole and absolute discretion, to transfer the hull warranty to a subsequent owner of a vessel, who purchases the vessel from an Authorised Riviera Dealer, upon application and payment of a \$1000 Australian dollar transfer fee. Such transfer will only be effective upon confirmation in writing from Riviera. Where Riviera does approve the transfer of the remaining term of the hull warranty to a subsequent owner in writing, then such hull warranty will be transferred for a period of not more than a total period of five (5) years from the date an Authorised Riviera Dealer first delivered the vessel to the first retail purchaser.

One Year Limited Non-Structural Warranty

Riviera warrants that for one (1) year after the date of delivery to the first retail purchaser, and for the period before it is delivered to the first retail purchaser, all vessel components manufactured by Riviera shall be free from defects due to material or workmanship under normal non-commercial use. On components not manufactured by Riviera, Riviera shall assign to the first retail purchaser the warranties extended by those manufacturers as allowed.

The non-structural warranty does not apply to the following:

- Parts that are not manufactured by Riviera
- Any charges incurred by any vessel returned to the factory, dealer or authorised agent for inspection prior to authorisation of warranty repairs
- The cost of removal or reinstatement of a part, or disassembly or reassembly of the unit of which it is a component
- Heat and/or sun damage to the hull and/or gelcoat on hulls that are painted a dark colour
- The installation of any equipment by a dealer or other installer
- Any installation of products not to Riviera's recommended specifications, because of the possibility that the use of these Products will exceed Riviera or government specification for overpowering, steering, handling, speed and safety
- Owners other than the first retail purchaser
- Any vessels sold to the first retail purchaser by anyone other than an Authorised Riviera Dealer
- Any item which Riviera has not been notified of within thirty (30) days of the issue becoming apparent.

The non-structural warranty for vessels that go into a syndication or shared ownership program expires after the earlier of two-hundred and fifty (250) hours of use or six (6) months from the date of delivery to the syndication or shared ownership program, whichever occurs first.

ELECTRONICS AND SYSTEMS

Electronics play an ever-increasing role in maximising the pleasure and safety of luxury motor yachts, and the choice of equipment that is available today is vast.

Selecting the equipment that meets your needs can be a very challenging task – and Riviera's electronics experts are here to assist.

We source the best systems from around the world, we help match technology to individual requirements and work closely with Riviera's international dealer network to create systems that maximise your boating pleasure.

RIVIERA GENUINE PARTS AND ACCESSORIES

Our passion for quality and practical design is reflected in our exclusive and growing range of clothing, accessories and décor items created to enhance your time afloat.

If you love your Riviera, you'll feel right at home with the Riviera Collection – an extensive range of casual, stylish, comfortable, practical equipment, clothing and accessories.

The Accessory and Décor collection ranges from storm jackets to stylish crockery.

To make your Riviera truly your own, we offer a wide chance of fabrics, finishes and colour schemes that enable you to customise your yacht.

Of course our experienced design team is always available to advise and assist you with your individual selection.

THE RIVIERA EXPERIENCE

There's nothing quite like the exhilaration of blue-water cruising in company to remind our valued owners why they are so passionate about the rich and rewarding Riviera luxury life afloat.

For these are the types of passages that build the confidence and skills for people to use their yachts to their full potential, that create the very special memories that last a lifetime, and, importantly, are often the catalyst for long-lasting friendships.

Together, members of our growing global family of Riviera and Belize owners enjoy many special cruising experiences to idyllic destinations around the world – safe in the knowledge that experienced skippers and engineers are always close at hand.

Our global cruising events calendar takes in all states of Australia, New Zealand, the east and west coasts of the United States, the Bahamas, Asia, Europe and the Middle East.

We invite you to join with us for these special experiences – either to stretch your sea legs and gain offshore cruising confidence, or to simply enjoy the company of like-minded people who share an appreciation for the truly unique Riviera life.

6000 SPORT YACHT SPECIFICATIONS

Length Overall (inc. swim platform)	19.30 m	63' 4"
Lh to ISO8666 *	17.60 m	57' 9"
Beam (inc. gunwale)	5.38 m	17' 8"
Maximum Draft (inc. props)	1.44 m	4' 9"
Dry Weight ** (approx.)	27,800 kg	61,300 lb
Fuel Capacity ***	3,300 L	872 US gal
Water Capacity	800 L	211 US gal
Holding Tank Capacity	500 L	132 US gal
Sleeping Capacity	8 - 10 persons	

Cockpit Area	10.60 m ²	114.1 ft ²

Standard Engine	533 kW	725 hp each
Volvo Penta D11 - IPS950 x 2		

*Specifications may vary on a regional basis.

RIVIERA SPECIFICATION CLARIFICATION

* Length of the hull (Lh) to ISO8666: Includes all structural and integral parts (ie. the moulded length of the hull. It excludes parts that can be removed in a non-destructive manner without affecting the structural integrity of the craft, (eg. pulpits, outdrives, driving platforms, rubbing strakes).

** Dry weight represents the estimated minimum weight of a yacht with standard engines and options, no fuel or water on board, no equipment or provisions and no personnel. The stated dry weight may be exceeded.

*** Denotes net tank capacity. For useable capacity do not rely on more than 90% of tank capacity. Actual capacity will vary according to yacht trim and sea state. Speeds are subject to normal weather conditions, fuel and/or water levels, passengers and equipment loads.

Please refer to your Riviera Owner's Manual and your Dealer for height to hardtop and maximum height details.

The specifications in this document are not complete or definitive and therefore may not be current. Riviera will not be liable (in contract or otherwise) for any loss resulting from the inaccuracy or currency of any information contained in this document. Specifications may vary with time and by region. Some images in this brochure may include non-standard or after-market options. Please refer to your Riviera dealer for a detailed list of current inclusions and options for this model.

Creating your
ultimate boating experience
is our passion.
