

**Riviera re-imagines luxury motor yachting under 40-feet
Introducing the Riviera 39 Sports Motor Yacht**

World Premiere - Sydney International Boat Show, August 2018

Riviera 39 Sports Motor Yacht: Riviera re-imagines luxury motor yachting under 40-feet

Introducing a new style of motor yacht. She's just over half the length of our existing models. So, just like her flagship, she's incredibly nimble. A joy to skipper and handle. Highly powered and structurally strong. She's been made for family yachting adventures.

We've christened this stunning new creation the Riviera 39 Sports Motor Yacht. She is an enviable combination of class-leading sports looks, sports performance, sporty open flybridge and sports-influenced open cockpit.

She's proudly inherited many of the technological, structural and design advances developed when Riviera pioneered the 68 and 72 models. All painstakingly re-imagined by our award-winning design team into a whole new style of motor yacht.

A sports motor yacht under 40-foot capable of spirited you and the family away for adventures in comfort, safety and luxury. With an advanced new broad beam hull and deck design making so much more possible.

On the accommodation deck, luxuriate in two generous, superbly appointed staterooms and a designer bathroom. Saloon living is spacious and comfortable. Silky smooth twin Volvo D6 IPS turbo diesel engines are at your command from the main or day bridge helms.

Out on the cockpit, choose to pursue your favourite water sports by day, then make the most of your evenings unwinding, conversing and entertaining. Take in a privileged view up in the open flybridge.

The new Riviera 39 Sports Motor Yacht. Luxury motor yachting re-imagined.

The wide beyond extends from here

No under 40-foot luxury motor yacht promises so much. So many destinations near and far. So many special entertaining possibilities. So many unforgettable adventures.

It all begins from the moment you step aboard from the marina, swing open the transom door and step out into the wide, welcoming cockpit. An area expertly designed to impress on initial appearances. Yet enormously practical over any number of memorable cruises.

Very generous proportions attest to the success of the broad beam deck design. It's easy to picture the whole family seated in style and comfort on luxurious fixed and optional seating. You can also see them having the time of their lives sports fishing, swimming, diving or kayaking from this functional space.

Feeling peckish after all the activity? Next cockpit stop then, set across the transom and facing forward, is the gourmet LED-lit barbecue centre with sink and food preparation area. Hard to imagine a better spot to gather, relive and share all those water-bound moments you've just shared...

Below the barbecue centre discover a handy storage compartment large enough to store your tender outboard, oars, fenders, lines and fishing rods. Speaking of clean clever design, forward to port a comfy seat comes with a cool box underneath and a refrigerator or freezer option. On the starboard side, an ice-maker is housed in its own compartment and a storage or fish bin is built into the floor.

It's typical of how Riviera build more thought and pleasure into every onboard experience.

Class-leading safety to the fore

The Riviera 39 Sports Motor Yacht is built to journey in comfort and style. Naturally, building-in class-leading safety is central to realising the vision.

Look forward to safe passage wherever you venture onboard, wherever in the world your 39 takes you. In particular accessing and moving about the foredeck is an example of safety first.

Making your way to the foredeck via the side decks is a simple exercise. The wide side decks feature thoughtfully placed handrails, a high side and bow rail and raised 100mm bulwarks, ensuring safety and comfort, even in inclement weather.

Guests aged seven to seventy, as well as pampered four-legged ones, will feel confident and sure footed.

Once safely on the foredeck, look for the anchor lockers storing a range of anchoring equipment securely concealed from the elements and view. But of course you may be up here for a much more indulgent reason...

The foredeck itself is a retreat where you feel closer to nature and far removed from a work weary world. Up here your relaxation will move to a new level.

Assisting you on your journey to calm is the large optional double sunlounge pod. With integrated backrests and drink holders, life takes on a whole new perspective.

Living it up inside and out

Easy flowing access between cockpit, galley and saloon: Riviera sports yachts are renowned for this worldwide. It is luxury yachting with more. Alfresco living, Australian style, that allows for fast secure closure between different areas when the weather or elements demand.

The new Riviera 39 Sports Motor Yacht draws on this great tradition.

Venture inside now from the cockpit through the stainless steel framed, tempered and tinted glass centre door. Impressive? Absolutely. As is the awning window opening out from port side aft helping connect inside and out. To starboard aft, discover the gourmet galley...

Everything the creative chef could want is at hand. An electric cooktop with under-bench convection microwave takes pride of place. The sink, food preparation benchtop and deep drawer fridge are all within easy reach. So too are other guests and all the good times and banter that flow between the various living areas, inside and out. All thanks to inclusive clever Riviera design.

Did we mention the saloon views? Simply breathtaking. Wraparound glass windows frame an ever changing series of vistas. A toast to idyllic surrounds may well be in order as dinner is served in the generous dining area with L-shaped seating, opposite the galley on the port side.

After dinner the luxurious lounge opposite is calling. Settle back and let the conversation flow or perhaps quietly reflect on how fulfilling life is aboard your new Sports Motor Yacht.

After dinner you may wish to turn to the TV located forward of the lounge. Viewable from within the saloon and from the cockpit, your entertainment options also include AM/FM radio and CD sound system with iPod interface.

Step forward skipper

The experience of skippering a Riviera 39 Sports Motor Yacht is the definition of 'confidence'.

Everything at the main saloon helm is designed to impart total confidence.

So step forward to port and slide into the plush captain's chair. Don't worry if you've never skippered before. If you can drive a luxury modern car you can skipper this spirited sports yacht. Easily. Experienced skippers will appreciate exciting new levels of handling, performance and economy.

Wrap your hands around the sporty leather steering wheel. Just for you, right? Now reach for the joystick by your side. The thrilling pinpoint accuracy it delivers pivoting your yacht into tight quarters defies description. You simply must experience it for yourself.

What about the instrumentation? It's state-of-the-art. Comprehensive. Supremely easy to follow and read. World class electronic navigational aids are on display on large multi-function screens. As are all of your

advanced operating systems. Touch screen menus continually update everything you need to know: engine system performance, navigation information, full vessel intelligence.

Adding to your confidence is class-leading power-to-weight ratio, enhanced torque, impressive fuel efficiency and exhilarating performance from twin Volvo D6 IPS 500 turbo diesel engines delivering 370hp.

For further peace of mind, all your Volvo Penta engine components, electronics and drives are covered by a comprehensive 5-year limited warranty.

Step up to the flybridge

Touring every aspect of the 39 Sports Motor Yacht is a delight. Now ... climb the stainless steel stair-ladder up from the cockpit. You're about to tour the most spectacular of all. The open flybridge captures the spirit of freedom and escape at the heart of this boat. Brilliant.

Up here with the breeze in your hair, at one with sea and sky, a deep sense of happiness pervades. A feeling made to share with friends and loved ones. So we've designed this space for exactly that.

Stretch out and take it all in from the spacious L-shaped lounge aft which also easily converts to a large sunpad. Because you can expect your family or friend to be drawn to such attractive surrounds, we've built-in a plush port side forward lounge adjacent to the helm. Clever design thinking allows you to flip the helm seat back rest to create a U shaped seating arrangement.

For these occasions a removable table on its own pedestal may also come in handy.

Time to celebrate. The wet bar with hot and cold water and cup holders is within easy reach. Storage is all taken care of too with two isolated, vibration free storage lockers forward with even more space under the forward lounge. Stainless steel hand rails allow safe movement around the flybridge.

What could possibly add to this image of sports motor yacht perfection? What else but a second sports helm station positioned forward and high above it all. In contrast to the main saloon helm this day bridge helm features only the essentials, so it's certainly not designed for everyday use.

Nonetheless, it's another spectacular feature of a uniquely spectacular location.

A master statement in comfort

Walk in, look around, be inspired. Feel the warmth and quiet ambience. Then feel immediately at home. Yes, Riviera designers have the master stateroom just right.

Stepping down the few stairs from the saloon the space is very welcoming. A place of light and luxury. Bright and airy with hull windows on both sides filling the room with soft filtered light. A deck hatch overhead introduces fresh sea air if desired.

Distinctive designer touches add that timeless Riviera elegance. Much more than a luxury bedroom, this is a private retreat.

Naturally, plush carpet cushions your feet. The master's robe to port is a vision in highly polished timber with fragrant cedar lining and auto LED lighting. A fitting place to store a selection of leisurewear and personal items.

However, as the 39 Sports Motor Yacht is made for extended escapes, our designers have thoughtfully built-in handcrafted overhead lockers and shelving on both sides as additional storage.

First and foremost the master stateroom is a place to rest, renew and sleep. The master's crowning glory is a queen-sized, fully walk-around bed with supremely comfortable innerspring mattress. Fun filled onboard days culminating in a great night's sleep ...

Before you drift off for the night, how about a little light entertainment? You can outfit the master with a flatscreen TV and integrated sound system option. Or you may prefer luxurious peace and quiet. It's your sanctuary, your choice.

Your en-suite bathroom (with two-way access) is just next door. Designer appointed and generously proportioned, it features a frameless walk-in shower, full vanity and basin, superb timber drawers and large, well lit mirrors.

Look after your guests Riviera style

Luxury on the 39's accommodation deck extends further than fine furnishings and appointments. It is the luxury owners enjoy of treating their guests to the very best.

The guest stateroom is where you will look after up to three fortunate family or friends in style, luxurious Riviera style. All their accommodation needs have been considered and thoughtfully integrated.

They'll store their clothes, personal items and valuables in a superbly handcrafted timber wardrobe located just inside the stateroom's entry. They'll welcome the plush carpet at their feet. And later, at the end of another exciting day, appreciate the LED lighting that illuminates the space.

All your guests will only have praise for the generous hull windows with opening portholes to both port and starboard. More than a design highlight, they allow the space to be filled with light and fresh air, creating a desirable atmosphere.

Your guests will have a choice of three adult-sized single berths, two to starboard and the other to port. By simply adding an infill they can easily convert the twin starboard berths to a large double bed.

Ample storage options are also included under the twin beds along with a clever two-metre storage cabinet overhead designed for safeguarding rods or life jackets.

It all adds up to an accommodation experience certain to make guests comfortable and welcome and owners proud.

Preliminary Specifications

Length Overall (inc. swim platform and bow sprit)	13.27 m	43' 6"
Hull Length (Lh to ISO8666) *	12.06 m	39' 6"
Beam (inc. gunwale)	4.26 m	13' 9"
Maximum Draft (inc. props)	1.2 m	3' 9"
Dry Weight **	11,300 kg	24,910 lbs
Fuel Capacity ***	1,500 L	396 US gal
Water Capacity ***	390 L	103 US gal
Holding Tank Capacity ***	80 L	21 US gal
Sleeping Capacity	5 persons	
Cockpit Area	7.7 m ²	82.88 ft ²
Standard Engine Volvo Penta D6-IPS500 x 2	272 kW	370 hp each

*Specifications may vary on a regional basis.

Specification clarification

* Length of the hull (Lh) to ISO8666: Includes all structural and integral parts (ie. the moulded length of the hull). It excludes parts that can be removed in a non-destructive manner without affecting the structural integrity of the craft, (eg. pulpits, outdrives, driving platforms, rubbing strakes).

** Dry weight represents the estimated minimum weight of a yacht with standard engines and options, no fuel or water on board, no equipment or provisions and no personnel. The stated dry weight may be exceeded.

*** Denotes net tank capacity. For useable capacity do not rely on more than 90% of tank capacity. Actual capacity will vary according to yacht trim and sea state. Speeds are subject to normal weather conditions, fuel and/or water levels, passengers and equipment loads.

Our care for your information

Due to the constant refinement of specifications and design by Riviera Australia, the information in this document may change without notice.

Specifications may vary with time and by region.

Some images or illustrations in this brochure may include options or custom details.

Please note that as safety equipment specifications or standards vary by country, this aspect of your purchase will need to be completed by yourself and or your Riviera representative.

Please refer to your Riviera representative for specific warranty cover and the latest detailed list of inclusions and options prior to purchase.
